Forecast for Tuesday 16 Aug 2022

Weather: Cloudy at first with patchy light rain. Slowly improving through the day with the rain and drizzle dying out and some brighter spells developing, particularly across northern and western ranges. Dry during the evening with sunny then clear intervals.

Chance of cloud-free hill tops above 800m: 20% slowly improving to 70% by the end of the afternoon.

Low cloud and visibility: Broken cloud across most ranges with bases 400-500 m, slowly lifting and breaking through the day with scattered clouds above around 600-700 m by the end of the afternoon. Visibilities generally good, but locally moderate or poor in rain or drizzle at first.
